A&E Specs: Wall Mount Rack – BS2-WMR-24

General

Part number shall be BS2-WMR-24 for the Wall Mount Rack. The Wall Mount Rack must be UL listed to UL60950-1 (Standard for Information Technology and Communications Equipment, Cabinet, Enclosure and Rack Systems.). The Wall Mount Rack combines the design and features of an EIA compliant two post rack with wall mounting.

Durable textured black powder coat finish on combination of 16 and 12 gauge steel mounting brackets and black anodized aluminum uprights. Dimensions shall be 48.00”H x 20.52”W x 12.18”D. Weight capacity shall be at least 250 lbs. Manufacturer must be ISO 9001:2008 registered.

Rack Mounting: Rack mount uprights shall be made out of black anodized aluminum with pre-tapped #12-24 holes. Usable depth shall be twelve (12) inches. The WMR must have 24 rack mount units (RMU).

Wall Mounting: Wall mounting shall be done using keyholes for 5/16” hardware. Mounting shall be on 16 inch on center.

Assembly: Assembly hardware shall consists of 3/8” black steel hardware.
